SENT TO THE PEN.

Peck Pleads Guilty and Is Given Life Sentence.

SWIFT JUSTICE METED OUT.

Hurried From Cleveland to Akron on Special Train.

FEARED THE MOB WOULD GET HIM.

Troops Lined Up to Protect the Prisoner—Special Grand Jury Indicted Him—Pleaded Guilty and Was Soon on His Way to the Penitentiary.

Akron, O., Aug. 24.—Lewis Peck, the Akron negro, accompanied by Dr. A. K. Fouser, of Akron and Sheriff McConnell of Cuyahoga county, was hurried out of the jail at Cleveland and driven rapidly to the Union railway station, where the party boarded a Cleveland, Akron and Columbus train for Akron. Prosecutor Wanamaker convened the grand jury during the afternoon and an indictment was returned against Peck.

Just after leaving Cuyahoga Falls, while the train was en route from Cleveland to Akron, Peck begged Prisonkeeper Washer to shoot him (Peck) instantly in the event a mob was

LEWIS PECK.

awaiting at Akron. Peck's fright increased as the train neared Akron. He begged piteously to be shot if a mob threatened. Washer did not consent.

The train carrying Peck arrived here at 3:30 p. m. A carriage was waiting at the railway station and Peck was quickly bundled into it.

In three minutes the court house was reached and Peck was taken in at the rear door. There was a stir caused by the soldiers crowding to the rear of the court room. Judge D. J. Nye of Elyria presided. He arrived in Akron at noon for that purpose. Two minutes after Peck reached the court Deputy Sheriff Ed Hershey read the indictment. Peck stood up with manacled hands. He pleaded guilty in a firm voice. His worn eyes shifted nervously about the room. He sat down and Prosecutor Wanamaker whispered with him briefly.

Then Judge Nye said: "Mr. Peck, you have heard the indictment read charging you with rape. You have pleaded guilty. Have you anything to say?"

"I have nothing to say, except that I throw myself on the mercy of the court," replied Peck.

Continuing Judge Nye said: "In crimes such as that which you have pleaded guilty there is but one penalty provided. That is imprisonment for life. It is the judgment of the court that you be confined in the penitentiary for life. You must pay the costs of this proceeding."

After Peck had been sentenced he was at once taken in a closed carriage to the Center street crossing of the Cleveland, Akron and Columbus railway, and placed on board the train, in charge of Sheriff Kelly, and taken to the state penitentiary at Columbus.

So quickly and quietly was Peck brought into the city, sentenced and sent on to Columbus that but few people knew what had transpired. There was no crowd at the railway either when the train arrived or departed. Few who glanced at the rapidly driven carriage suspected that it contained

the man the furious mob of Wednesday night wanted to lynch.

The O. N. G. troops were on guard at the railway station and along the route to the court house. There was no demonstration whatever.

PEACE RESTORED.

Further Trouble Not Eland—Soldiers Will Be Discharged Saturday.

Akron, O., Aug. 24.—There was no trouble of any kind in this city during the night, the streets being practically deserted, except by the soldiers who patrolled all the thoroughfares in the business section.

It is understood that a number of arrests will be made of those who took part in the riot. The authorities have secured the names of about 30 of the rioters and will take into custody the leaders of the mob.

At a conference of city, county and military officials it was decided that if all remains quiet, the militia will be dismissed Saturday morning. Mayor Young, Sheriff Kelly and Prosecutor Wanamaker, Judge Anderson, Colonel Potter and Colonel Vollraith were present at the conference. All the nine companies of the Fourth, the Canton company of the Eighth and the local companies will continue on guard throughout the day and night.

Some excitement was caused by an extra edition of a local paper with headlines announcing that Peck might be brought back to Akron. The newsmen were yelling "All about Peck coming back." Commissioner McMillen promptly telephoned the paper to call in its boys. Mayor Young reiterated the order as soon as he was informed of the matter. Both officials feared the effect of the story and the cry of the "newsies."

Mayor Young's order closing saloons is being rigidly enforced. Two saloon keepers have been arrested for disobeying the mayor's order.

The safe of the engineer's department was opened amid the city hail ruins. Its contents including many valuable papers and records and \$500 in cash were found in good condition.

Mob Didn't Materialize.

Cleveland, Aug. 24.—Sheriff McConnell held a large force of deputies at the jail throughout the night, as a result of the rumors to the effect that a mob from Akron might attempt to storm the place and get possession of Lewis Peck. The mob failed to appear. At midnight Sheriff Keller of Akron telephoned the authorities that eight men left here for Cleveland to work up sentiment against Peck. A careful watch was kept for the men, but they could not be found.

Cabinet Meeting.

Washington, Aug. 24.—The cabinet was in session until nearly 2 p. m. At its close the members were more reticent than usual as to what transpired. It can be stated, however, that this government has so far received no official or well authenticated information that the Russian government has declared war on China or that it is her immediate purpose to do so. The subject of an extra session of congress, it was stated, was not mentioned at the meeting and it can be stated on the authority of a member of the cabinet that under the present conditions an extra session is altogether improbable.

Hill Will Make Speeches

Chicago, Aug. 24.—Chairman J. K. Jones of the Democratic national committee says Former Senator David B. Hill of New York will make speeches in the west during the campaign, but that the times and places had not yet been determined. Senator Jones also stated that Senator Marion Butler would arrive in Chicago Monday to attend the meeting of the People's party national committee of which he was chairman and that while here, there would be a conference between the two chairmen.

Storm and Tidal Wave.

St. Joseph, Mich., Aug. 24.—The worst electrical storm of years struck here. The steeple of the Lutheran church was splintered by lightning and then 10 barns a few miles south of here containing the season's harvest of grain were also struck and it is reported were burned to the ground. A huge wave, like that which recently visited Chicago advanced 10 feet up the shore, washing away a number of small boats and thousands of feet of lumber.

William and Joshua Levering, cousins, each 21, of Levering, Pa., drowned in the Susquehanna while taking a pleasure trip in a canvas canoe.

After eating ice cream made in improperly cleaned freezer, Mrs. Elizabeth Hutchinson of Atlanta is dead and her four children seriously ill.

During absence from home of Samuel Sheppard of Elizabeth, W. Va., his wife and son were murdered. Skulls were crushed and bloody ax was found on floor. No clue.

HE DIDN'T DIE POOR.

Will of C. P. Huntington the Railway Magnate Made Public.

FEW PUBLIC BEQUESTS ARE MADE

Gives Each of His Relatives a Fortune and Provides That Whoever contests the Will Shall Be Disinherited.

New York, Aug. 24.—The will of Collis P. Huntington was probated in the surrogate's office. The petition asking that the instrument be admitted to probate does not estimate the value of the estate.

Charles H. Tweed, Mr. Huntington's attorney, said he could not place any value on it. Mr. Tweed was asked what would be the value of the bequests in which it is provided that either money or securities of the par value of the sum of money mentioned may be given by the executors, but he said he was not yet in a position to reply.

The estate is variously estimated at from \$25,000,000 to \$35,000,000, while some Wall street estimates run as high as \$100,000,000.

Mrs. Huntington, Charles H. Tweed and Isaac E. Gates, Mr. Huntington's brother-in-law, are made executors of the will.

The will is in 23 articles, dated March 13, 1897 and witnessed by Maxwell Evarts, Andrew K. Vandeventer and George E. Downs.

The first article directs the payment of debts. The second disposes of all furniture, bric-a-brac, books, etc., to Mrs. Huntington absolutely and gives all his pictures to Mrs. Huntington for life afterwards to Archer M. Huntington for life and at his death to the Metropolitan Museum of Art of New York city absolutely.

Article three gives the New York city residence to Mrs. Huntington for life, at her death to Archer M. Huntington absolutely or in default of issue by him to Yale university absolutely.

Article four gives to Mr. Huntington's sister, Elizabeth Purdy and to her daughter, Eleanor Loveland absolutely a dwelling house now occupied by them in Oneonta, N. Y.

The fifth article gives \$500,000 in trust for Mrs. Huntington for life to go to Archer M. Huntington for life and to his issue absolutely.

The sixth section places \$250,000 in trust for Archer M. Huntington and issue.

The seventh article gives \$1,000,000 in trust for the Princess Hatzfeldt, Mr. Huntington's adopted daughter, the capital to go to her issue, or failing issue, to such persons as she may direct by will.

The eighth article disposes of the Southern Pacific stock belonging to Mr. Huntington: Mrs. Arabella D. Huntington, the widow, is given two-thirds of the stock, and Henry Edwards Huntington, nephew, one-third. This portion of the will provides that the shares bequeathed to Arabella D. Huntington and Henry Edwards Huntington shall not nor any part thereof be sold or disposed of during the lifetime of either of the legatees except with the consent of both such legatees or of the survivors of them.

The ninth section gives one-half of the residue of the estate to Mr. Huntington's widow. The tenth article gives \$270,000 in trust as follows: Harriett S. Huntington sister-in-law, Elizabeth Purdy sister, Susan Porter sister, Ellen Gates sister, \$50,000 each; Collis H. Sammis, \$30,000; Eleonora Loveland, niece, \$20,000; Frank Pardee, nephew, \$20,000.

In article 11 appear the following specific bequests: To his sister Susan Porter, \$20,000; to his nephew, Willard V. Huntington, \$50,000; to his nephews, Edward H. Dunbar and George S. Dunbar, \$20,000 each; to his nephew, Edward H. Pardee, \$100,000; to his niece, Mary Pardee, \$20,000; to his niece, Caroline D. Holland, \$20,000; to his niece, Leonora Foster, \$20,000; to his niece, Adeline Dunbar, \$20,000; to his niece, Helen M. Huntington, \$20,000; to Isaac E. Gates, \$100,000; to the widow of his deceased nephew, Charles H. Pardee, \$5,000; to his friend, Charles A. Tweed, \$50,000.

The twelfth section gives \$100,000 to the Hampton normal and agricultural institute, Hampton, Va. Article 13 gives \$25,000 to the Chapin Home for the Aged and Infirm, New York city.

Article 14 provides that the residue of the estate is to be given to Henry Edwards Huntington. Articles 15 and 16 give certain legal powers to the executors.

Article 17 authorizes Mrs. Huntington as executrix or such attorney or

substitute as she may appoint to join with Charles F. Crocker and Stillman & Hubbard or their respective attorneys or personal representatives in executing or endorsing commercial paper.

The articles following are purely legal, the 22nd providing that any beneficiary contesting the will shall forfeit his share of it.

THE FRISKY SKETER.

Government Pamphlet Will Tell All About His Pedigree and Vices.

Washington, Aug. 24.—The department of agriculture is about to issue a bulletin prepared by Entomologist L. O. Howard, on the mosquitos of the United States. It discusses their structure and biology and indicates the difference in all stages of existence between the kind of mosquitos that transmit malaria and those that do not.

Since the opening of the gold fields in Alaska and the influx of miners and traders, knowledge of the abundance and ferocity of the Alaskan mosquitos has become widespread. Government surveying parties starting for Alaska consult the department for mosquitobite remedies. Those who were in Alaska the preceding year claim they never experienced or even imagined anything in the mosquito line quite equal to those found in our northern territory.

Mentioning the reputation of New Jersey in connection with mosquitos, the bulletin says there is a constant carriage inland from the marshy coast of mosquitos, the railway trains seeming to be the most important mode of conveyance. Many of the cars contain mosquitos by the hundreds. In this way even mountain resorts get their supply of lowland mosquitos, and with the improvement of railway service and the increase in the number of through cars, the danger is constantly increasing. The source of supply to distant points where mosquitos are ordinarily rare, is thus kept up.

About 250 specimens of mosquitos are known, of which only about 30 have been found in the United States.

The report says that of the remedies in use in houses the burning of pyrethrum powder and the catching of mosquitos on the walls in kerosene cups are probably the best next to a thorough screening and mosquitobar about the bed. The remedies for bites are glycerine, a lump of indigo and household ammonia.

LIBERTY WAS BRIEF

Scharr Released on Habeas Corpus. Rearrested for Burglary.

New York, Aug. 24.—Frederick Scharr, the 18-year-old boy who has been held by the police pending the investigation into the murder of his sister Kate last Saturday was released on a writ of habeas corpus but was immediately rearrested on a charge of burglary. He pleaded not guilty when arraigned and was committed to the Tombs.

Assistant District Attorney O. T. Reilly said the boy would be indicted for murder in the first degree by next Tuesday, by which time the police will have finished their investigation.

The case has attracted much attention here owing to the fact that the police in searching for the girl's murderer found that she had been leading a double life.

Tied Up by a Strike.

London, Aug. 24.—Because the general manager of the Taff Vale railway refuses to meet a representative of a labor union, not a pound of coal is moving at Cardiff, and 30,000 colliers are idle. The strike, if not speedily terminated, must have a disastrous effect on shipping and seriously embarrasses the admiralty at a time when steam coal is a very precious article.

Wrecked on African Coast.

Aden, Arabia, Aug. 24.—The British steamer Indra, Captain Burkell, from Passaroeang, July 23, for the United States, is ashore 28 miles and will probably prove a total wreck. Captain Burkell and eight Europeans and 20 native members of the crew were picked up and landed. The rest are missing, but have taken to the boats. Natives are plundering the wreck.

Boycott Ordered.

San Francisco, Aug. 24.—The Building Trades council, representing 28 trade organizations has ordered a general boycott of all the goods turned out by nine hour planing mills. The action is the result of mill owners peremptorily declaring that under no circumstances will they consent to arbitration or accede to the demands of the employees for an eight hour day.

Caleb Powers taken to Louisville for safe keeping. New trial denied.

SOLDIERS MUST STAY.

United States Forces Must Remain Till Peace Is Perfected.

SUPPLIES SOON TO BE SHIPPED.

Withdrawal of Troops Might Be Construed by China as a Retreat. Disturbances In Japan's Sphere of Influence.

Washington, Aug. 24.—The question of the withdrawal of the United States forces from Peking to Tien Tsin or Taku has been seriously considered by the president and his advisers. A great deal of pressure has been brought to bear upon the administration to take this step. Negotiations for the settlement of the questions growing out of the disturbances in China must take place in the Chinese capital and it has been determined that while these negotiations are pending and until they are completed it will be necessary for the United States forces to remain in the Chinese capital. While it is recognized that a withdrawal of the forces from Peking might be hailed with satisfaction in this country, it is believed the moral effect in China and Europe and upon the Chinese would be bad and would be interpreted in China as a retreat.

Plans are being made to furnish supplies to the United States troops in Peking. The department has ascertained that the Taku port will be open until November 15 and before that time it is expected that most of the supplies can be shipped to Taku. The railroad between Taku and Tien Tsin is in good condition, but some estimate that it will take nearly three months to repair the railroad between Tien Tsin and Peking. Meanwhile the Pei-ho river and canal can be utilized for transportation until the river freezes. The commissary and medical stores which were shipped on the transport Meade and destined for China have been ordered to be unloaded at Nagasaki and sent to Taku on the transport Indiana.

Dispatches were received from General Chaffee, but only those giving casualty lists were made public.

The state department's dispatch from Consul Johnson at Amoy that marines, presumably Japanese, had landed there, may cause a diversion to that section similar to the recent affair at Shanghai. The Japanese legation here has not been advised of the actual landing of marines there, but it is said the Japanese consul at Amoy a short time ago applied to the government for warships to guard against any emergency which might arise.

Amoy is what is known as the "Japanese sphere of influence." This sphere is said by officials to be similar to that under which Great Britain exercises influence in Yang-Tse valley. It embraces the province of Fu Kien, the principal centers being Amoy and Fu Chow. As a "sphere" it is chiefly important to Japan, as it lies opposite to the island of Formosa, which Japan took from China as the result of her late war.

FURTHER FIGHTING.

Attempt to Cut Off Communication. Tuan's Residence Burned.

London, Aug. 24.—While the commanders of the allied forces are waiting for instructions from their governments as to what to do next, which in the present condition of telegraph service will probably take 10 days, the work of repairing the railroad beyond Yangtun is progressing slowly and the transportation of supplies by boats on the Pei-ho river is improving.

A dispatch from Chefu dated August 23, says there has been further fighting near Tien Tsin. The Chinese sought to cut the line of communication, but were driven back with small loss on the part of the allied forces.

Official advices from Peking received at Tokio, August 23, say the allies burned Prince Tuan's residence.

According to a dispatch from Hong-kong turbulent mobs are devastating portions of the province of Fu-Kien and Kian-Su. It is added that a mandarin with 300 Chinese soldiers left Amoy August 23 to restore order. Japanese bluecoats were landed at Amoy August 23.

Marines from the French cruiser Comet have cleared the streets at Swatow and freed the besieged priests.

Empress Reported Captured.

London, Aug. 24.—It is reported from Shanghai that there is a rumor in Chinese circles that the empress dowager and Prince Tuan have been captured. The emperor is said to be in Peking with the allied forces.

The Stanford Interior Journal recalls the fact that the Hon. John W. Yerkes a few years ago ran against the late Joseph Barbour for the Judgeship of the Superior Court to afford the dissatisfied an opportunity to rebuke the actions of the famous Lebanon convention, and "he only lacked about 20,000 votes of being elected."

GEORGE BARNES, one of the clerks under the late State Auditor Sweeney, and one of the witnesses for Caleb Powers at Georgetown, stated in his testimony that he "smelled smoke in the hallway" of the Executive building after Goebel was shot. Barnes is a Republican, but there are others who still insist Jack Chinn fired the shot, and Jack wasn't in the building.

An employe of the Xenia (O.) twine factory states that in the campaign of 1896 he was told that if Bryan was elected his wages would be reduced and possibly the business ruined. He voted for McKinley and now for the result: Twine then sold for 6 and 7 cents a pound and the employes received \$8 a week wages. McKinley was elected, and with his inauguration came a reduction of wages to \$6 a week, with a rise in the price of twine to the consumer. He says he can not be fooled by this game again and proposes to vote his principles.

HAULING DOWN THE FLAG.

In 1898 William McKinley denounced as unpatriotic any man who would lower the flag on soil where the flag had once been raised and demanded to know, "Who will haul down the flag?" Subsequently he proceeded to have the flag hauled down in Samoa and on Alaskan territory owned by the United States, but claimed by Great Britain.—Omaha World-Herald.

Messages this week brought news that our flag had been hoisted over the imperial city at Peking? Of course no one has any idea that it will stay there, and when it is hauled down it will have to come by McKinley's orders.

LEADING LUMBER TRADE JOURNAL FOR BRYAN.

The Chicago Hardwood Record, the leading lumber trade journal, which supported McKinley in 1896, in its recent issue speaks as follows of the present campaign:

"It is true that a great portion of the present area of the United States was acquired during Democratic rule, but that is a different matter. It is the same difference there would be between a farm adjoining a railroad, the turnpike or the river, and buying a coffee plantation in Brazil. An entirely different principle is involved. In the coming campaign the two parties will be fairly met on this issue.

"Another issue which will be much discussed in the issue of the 'Trusts.' On its face there seems little in this issue, as both parties have declared against trusts and neither will defend them. The fact remains, however, that there is a feeling among a large section of the voters that the McKinley administration is too closely allied with the money power of the country—that this power has too much influence and too much standing with the Government as at present constituted. Whether this is true or whether it is any great evil it is not our province to discuss. The facts are what we are dealing with, and it is unquestionably a fact that such a feeling exists in this country, and under ordinary circumstances would influence a great many votes.

"Another thing which is not a tangible issue but is a great factor in determining results is the fact that there has been quite a slump in the prosperity of the laboring classes during the year. When McKinley ran against Bryan before there had been four years of Democratic administration and four years of as hard times as the country had ever known. The business and laboring classes were told that should McKinley be elected prosperity would return. McKinley was elected and prosperity returned, and could the election have been held last November it would have been better for McKinley. Business slumped pretty badly this year, however, and the laboring people are coming to the conclusion that prosperity is not so much a matter of administration after all. Then the fact the laboring men have, during the year, been pretty badly worsted in their strikes makes them bitter, and, knowing that their employers will generally vote for McKinley, many of those who voted for McKinley before will vote for Bryan this year."

STAMPED TO BRYAN.

"He voted for Bryan in 1896" is becoming quite a common form of introduction for the speakers at the Republican meetings in Kansas this year.—Public Ledger.

Well, it's almost a stampede to Bryan. Here are the names of a few of the most prominent Republicans who have in the past few weeks declared for Bryan:

Ex-Congressman and ex-Governor Boutwell, of Massachusetts. Governor Boutwell has been a leading Republican for forty-five years.
United States Senator G. C. Welling-ton, of Maryland.

Congressman Henry U. Johnson, of Richmond, Indiana.

Gen. William Birney, of Washington, major general in the Union army, and a life long Republican.

Col. Chas. James, Washington, Collector of the Port of San Francisco under President Lincoln.

Webster Davis, Assistant Secretary of the Interior under President McKinley.
P. Tecumseh Sherman, son of the late Gen. W. T. Sherman.

Ex-Congressman J. B. Finerty, of Chicago, editor of The Citizen.

Edwin F. Walker, Secretary of the Young Men's Republican Club, of Evanston, Ill.

Ex-Lieutenant Governor Felt, of Kansas.

Ex-United States Senator J. B. Henderson, of Missouri.

Henry F. Keenan, author of "The Money Makers," "Trojan," and many other works.

President Brown, of the Northern Indiana College.

Dr. W. A. Crowfutt, who cast his first vote for Lincoln and stumped Maryland for McKinley in 1896.

William Lloyd Garrison, Jr., the son of his father, who is just as much opposed to slavery in the East as his ancestor was opposed to it in the West.

General F. B. McCutcheon, of Michigan, a former Congressman.

Judge J. A. Burnette, of Kansas, "who hopes to live long enough to see an American President elected and imperialism crushed out of this country."

Hon. M. C. C. Church, of West Virginia, who helped found the Republican party.

Demas Deming, President of the First National Bank at Terre Haute, Ind. He holds the permanency of the country above a temporary financial policy.

Dr. H. Z. Leonard, Consul at Clifton Falls, Can., under Harrison, opposes McKinley "because he has no backbone and is completely under the dominion of the trusts."

In this connection it may be observed as an offset to a list of alleged Democratic papers opposed to Bryan, which Hanna organs keep standing in their columns, that a considerable and influential array of papers, supporting McKinley last campaign, but opposing him this, can readily be given, from German papers alone. Among these are the Fountain City Republican, the La Crosse Nordstern and the Duluth and Superior Volksblatt.

"Most significant, however, of all changes to Bryan," says an exchange, "is that of the Posten, of Decorah, Iowa. This paper is the great Swedish organ of the United States and has a circulation of 55,000. It may not be generally known, but it is a painful fact, the Swedes in this country have been practically unanimous for the Republican party. The action of the Posten, though, will no doubt prove rather effective in promoting the revolt in that nationality, which resulted a few years ago in the election of Congressman Lind, himself a former Republican, as Governor of Minnesota on a fusion Democratic ticket. It may be recalled that Lind left the Republican party because he and his people are naturally against a protective tariff. Imperialism is even more objectionable to them."

Now will the editor of the Ledger please be good?

Bradley's Pardon Record.

[Courier-Journal.]

Gov. Bradley was indignant when the charge was made that during the four years of his administration 219 pardons for taking human life were issued in Kentucky. But the record proves that there were 229 such pardons, which is truly a humiliating showing that should make every Kentuckian hang his head.

In a State where under one Republican administration of four years 229 pardons for taking human life were issued, it is not unaccountable that the Republicans are making such an outcry because of an effort to bring to justice the murderers of only one man.

WILLIE GOOCH, a small negro boy, met with a painful accident Friday morning. Employees of the water company were elevating some pipes at head of Limestone street by means of a block and tackle, when a rope broke, striking Gooch and almost tearing off his left thumb. Dr. Harover dressed the injuries. Superintendent Schaeffer was also slightly bruised.

SAY!
WHAT?
WHITE, JUDD & CO. SELLING OUT!
I CAN'T BELIEVE IT.

It's true all the same. G. S. Judd sold out to Mr. White and went West. J. F. Martin then sold out to Mr. White and now Mr. White sees that he cannot see well enough to conduct the business, so he has decided to close out his large and elegant stock of Furniture at cost. No 10 per cent. cut plan but at COST.

IF YOU NEED ANYTHING IN THE FURNITURE LINE NOW IS THE TIME TO SECURE IT CHEAP.

And if you don't need it just now it will pay you to buy at the cut prices for future use. Come and look through our stock and be convinced.

C. H. WHITE & CO.

YES, I DO! I owe the factory for the Furniture that I sold you on credit. I promised to pay for the goods I bought, and so did you. The fellows are after me, and I must get after you. I can't see to hunt you up, so please call and settle. CHARLES H. WHITE.

The Bee Hive

The Rough Rider Hats

Have met with a splendid reception. They are certainly well adapted for knock-about wear, with a style about them that gives the wearer a decidedly jaunty appearance. The various shapes, such as Cavalier, Lawton, Ladysmith, Marlborough and Dakota, all to be found in our stock, are absolutely the very latest and will be most popular for fall wear. They come in many colors. Prices 79c. to \$1.89.

Shirt Waists at Less Than Cost.

We have determined not to carry over any Shirt Waists. Every inducement will be offered to sell 'em quickly. Prices have been still more reduced, and whether you need a waist for this or next season's wear, it will pay you to buy now. \$1.50 waists are now 98c.; the \$1 kind are 69c.; those that were marked 75c. are marked down to 50c., and so on through the list. They come both white and colored. All styles.

YOUR ATTENTION

Is called to our silk and Dress Goods department. From now until the fall season is fairly opened there will be new arrivals in these departments almost every day. We have already on hand over fifty different fall shades of plain Taffeta Silk, sold elsewhere at \$1, priced here at 89c. More to come. New French Flannel Sybelines, Soliels, Granite and Venetian Cloths, Cheviots, Home-spuns, Storm Serges, Clay Worsteds, Henriettas, Golf Suitings and Plaids 50c. to \$2.50 a yard.

MR. B. C. STEVENSON.

An Ex-Maysvillian Who is Working His Way to the Front in the Railway World.

[Enquirer.]

B. C. Stevenson has been appointed Traveling Freight Agent of the Toledo, St. Louis and Western Road, with headquarters at Toledo. Mr. Stevenson's territory extends east of Cleveland, taking in Buffalo, Philadelphia, Baltimore, New York, Boston and intermediate points, and has heretofore been covered by four men.

Mr. Stevenson is well known here, and was for a number of years connected with the Baltimore and Ohio Southwestern, with headquarters here. He left the service of the B. and O. S. W. Company about a year ago to take a position with the traffic department of the Chicago and Eastern Illinois, with headquarters at Chicago. He is a first-class freight man, and will do good work for the Clover Leaf.

Mr. Stevenson is a brother of Mrs. O. H. P. Thomas and sisters of this city and started in the railway business in Maysville. His friends are glad to learn of his success.

New Mail Service on L. and N.

NO PREACHING at the Christian Church to-morrow. Communion service at 10:30 a. m. Sunday school and Y. P. S. O. E. at usual hours.

TOM CUMMINGS, of the West End, was in the Police Court Friday and was placed under \$100 bond to keep the peace. His wife preferred the charges. She testified that she and her oldest child worked in the cotton mills, supported the family and paid her husband to take care of the youngest children. A few days ago he threw a corn knife at her son, and she was afraid he would injure them. He failed to give bond and was sent to jail.

STATE MEETING CLOSED.

The Christian Church Convention at Carlisle Gave \$400 to the Orphans' Home at Louisville.

The State meetings of the Christian Church closed at Carlisle Friday. On Thursday G. G. Bersot, Secretary of the Orphans' Home at Louisville, presented the claims of his work, to which the convention responded by cash and pledges to the amount of over \$400.

G. W. Muckley, Secretary of the National Church Extension Board, followed in a stirring presentation of his work, incidentally presenting a very cordial invitation to the Kentucky delegates to attend the national convention at Kansas City.

The report of the Committee on Future Work recommended the consolidation of the two offices of Treasurer and State Secretary into one, and that the first Sunday in November be the day for the collection for State missions. It also endorsed the work of R. B. Neal in the mountains.

RIVER NEWS.

The Kanawha Coal Fleet Now Includes Some Fine Boats and the Business Is Growing.

Avalon and Pearce up to-night.

The Wells and Argand down Sunday. The E. R. Andrews is in the water at the Marine Ways after a thorough overhauling. Her steel hull was scraped and painted, with a noncorrosive and waterproof paint. She had three new rudders put on and everything below the water line was put in the best possible shape.

The Kanawha coal fleet now registers the E. R. Andrews, D. T. Lane and W. B. Calderwood, comprising the K. and O. Transportation Company; the B. K. Wells, G. W. Moredock, Eagle, Convey, Coal Bluff (rebuilding), John Mackey, the J. B. Lewis, the rebuilt Wm. Ernest, Gate City, Otto Marmet, Matheson, Mt. Clair, New Ark and Moren. In addition to this fleet in the busy season at times there are half as many more boats at work in the river or from its mouth down in connection with the coal towing. The barges now run up to the thousand mark, while the operators are giving out contracts for as many as sixty new ones at one time, most of them being about one-third in carrying capacity over the average upper Ohio coal barge.

"HEARKEN YE."

To the Voice of Maysville People.

If you will but listen to your friends and neighbors, they will tell you how the pains and aches of a bad back, the annoyance of urinary troubles, the nervousness, the restlessness that comes from kindred ills, can be relieved and cured. Read what one Maysville citizen says:

Mrs. Philip Fist of 126 East Fifth street, says: "Our son used Doan's Kidney Pills, sold at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, with great benefit." He was troubled with a disturbed condition of his kidneys for a long time, evidenced by backache, brick dust sediment in the secretion and a tendency to inflammation of the bladder. The use of two boxes of Doan's Kidney Pills proved them to act up to the representation made for them."

For sale by all dealers; price 50 cents a box. Foster-Milburn, Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Davidson Skipped Out.

[Cynthiana Times.]

During the campaign last year it was repeatedly charged by the Democrats that the Republican State Superintendent had increased the school per capita for campaign purposes. The \$135,000 deficit, which will have to be provided for by the Legislature, is indisputable proof of the correctness of the charge. No wonder ex-Superintendent Davidson lit out for the far Northwest as soon as the Democrats came in.

Kehoe to Open His Campaign.

Hon. J. N. Kehoe, Democratic nominee for Congress, will open the campaign at a rally at Preston, Bath County, August 31.

EVIDENCE CONVINCED HIM,

Of Powers' Guilt, Says the Only Republican Who Was on the Jury.

[Courier-Journal Special.]

It is understood that the attorneys for the defense, in preparing Powers' motion for a new trial, asked J. C. Porter, the Republican juror, if he was frightened into voting for conviction. It is said that they were hopeful of getting him to make an affidavit to that effect. Porter replied positively that he was not influenced in any way in his action, and that his vote was based solely on the testimony. Other members of the jury say that when they retired to make their verdict Porter said:

"Gentlemen, I'm a Republican, and when I was sworn I felt that Caleb Powers was an innocent man, but the testimony has convinced me that there was a conspiracy to kill Goebel, and that Powers was one of the conspirators."

Porter is one of the most highly respected and influential citizens of Scott County, and made speeches last fall for W. S. Taylor.

Judith Roth, 15 year prisoner at Ohio penitentiary from Indian Territory, attempted suicide by hanging in his cell. Guards saved him.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

FERN LEAF, Aug. 22nd.—We are a little dry out this way, but we have no reason to complain. An abundant wheat crop has been saved in good order and will bring a fair price. Mr. Frank Meltyre's crop averaged over thirty-six bushels to the acre.

Tobacco cutting is on hand, and will be an average crop. The corn will be cut a little short without we have rain soon. A good crop of hay has been saved.

The meeting at Germantown closed Monday night. There were seven additions to the membership. Many of our citizens attended the meeting. Elder Bullock was in the meeting about ten days with the pastor, Elder Stoney, who was conducting the services. The congregations were large and the weather severely warm.

Sorry to hear of the continued drought at Washington. It may be that some persons out there are behind with their preacher. Old Bro. Jack Linville, of Nicholas County, was accustomed to say when it began to get very dry, "Look around, boys; somebody has not paid the preacher."

It looks now as if the whole country was going Democratic. No doubt that is the right way for it to go. Who in this State could have the face to vote the Republican ticket again?

WEDONIA, Aug. 23rd.—Mrs. Earnest Dobyns is very ill.

James Dooly is very sick with fever.

Rev. J. B. Jones will preach at Mill Creek Sunday morning and night. All members are requested to be present Sunday morning.

Miss Bettie D. Cook has been visiting Miss Nannie Waller, of Carlisle, this week.

Prof. Martin, of Lexington Bible College, is expected to visit here this week.

William Doolin, son of Mrs. Mary Doolin, died at his home near here of typhoid fever, August 21st. Deceased leaves a mother, one sister and two brothers, Miss Virginia, Thomas, of Lexington, and James of Helena. Deceased had been in poor health for some time and two weeks ago he went Deering camp meeting and came home and was taken with a chill, which ended with lung trouble and typhoid fever. Deceased was a member of the Millerite Church. Owing to the absence of the regular pastor, Rev. J. B. Jones, a short service was conducted by Mr. J. H. Rice at the home at 4 o'clock Tuesday evening. Interment at Flemingsburg.

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.

You Can Save \$4.00 Now

On every bundle of AMERICAN WOVEN WIRE FIELD FENCE bought of us. We are receiving another large shipment of these goods, for which we are the sole agents in this locality, and are actually in a position to name figures that will save you the above amount on each bundle purchased. Compare these quotations with former prices and you will readily perceive the truth of this assertion. We are enabled to make this offer on a CASH basis only, and give notice that for every charge 5 cents per rod extra will be asked. The "American" is undoubtedly the cheapest, neatest and most durable fence on the market, and prospective purchasers will do well to take advantage of this offer while it lasts.

Every rod of this fence is guaranteed by the manufacturers, and of the vast quantities we have sold to the farmers of this and neighboring counties, we have yet to hear of the first instance in which it failed to give entire satisfaction.

Whether used as a stock fence, a hog fence or a division fence in towns and villages, it is equally handsome and inexpensive.
